Take the Bite out of Fundraising

KatzAzz Jerky was founded in 2018 in Red Deer Alberta by us, Dale and Lee (Biff and Buck). We are both Central Alberta raised and have strong ties to minor and junior sports programs. We are grandparents to young athletes and have a deep understanding of the costs associated to enrolling our kids in sports. As costs increase, it has become more challenging to fund the activities for our kids. Fundraising is more important than ever. Raising donations is not getting easier and community members are being asked to donate more and more often. Our KatzAzz Jerky is the easiest product to sell, and it offers great value to your donation base, and is probably the most profitable product that your group has ever had.

In every group, someone gets the job of organizing the fundraising, and its usually the same people. Typically the options are collected from various fundraising ideas and most of them require either pre-selling (taking orders) or purchasing products with personal funds to be reimbursed later. Sometimes minimum quantities can be very high, and returning unsold product can be an expensive ordeal.

Are you finding it difficult to come up with the required funds to get started? If pre-purchasing the product is a challenge, we will supply the product to your team, upfront and give you time to sell it, then pay us later. We'll do our best to get you up and running. We call it plan B. If we can help, it's what we'll do. We have been able to help hundreds of our customers complete the most successful fundraising campaign they have ever had. We are here to help! Call us anytime. Biff and Buck. Let's make it happen!!
